BATTULA LIKHIT (Computer Science and Engineering student)
Passionate and Aspiring Frontend developer and Quick Learner
[LinkedIn](#) likhitb2003@gmail.com   9951729980

I am a frontend web developer with learning mindset skilled in HTML, CSS, and JavaScript, Linux. I love making websites that look good and are easy to use. I have basic coding problem solving skills. I keep up with new trends and enjoy working on exciting projects. My aim is to use my skills to build modern, responsive web applications.
